

STEMORA STEM PATH STARTER SHEET

A beginner-friendly guide to discover, explore & lead in STEM

START LOCAL

Local & School STEM Opportunities

AAUW Tech Trek — summer STEM camp for middle school girls

School STEM clubs: Science Olympiad, Robotics, Coding Club

Community STEM programs & local youth science fairs

Saturday science workshops at libraries or universities

GET INVOLVED

Clubs & Competitions

Science Olympiad — teamwork meets hands-on science

Math Honors Society or Math Club

School science fairs — turn ideas into experiments

Local, regional & national STEM competitions

START EXPLORING

Beginner Steps to Discover STEM

Try small science experiments at home

Watch STEM videos, podcasts & documentaries

Join a school club or attend a meeting

Ask teachers about STEM opportunities

Explore biology, engineering, coding & health science

STEP INTO LEADERSHIP

Leadership & Future Growth

Become a STEMORA Ambassador — student-led STEM + health leadership

Volunteer through BRITE Youth — advocacy & leadership programs

Help lead workshops and mentor younger students

Build confidence, voice, and impact in your community

Your STEM journey starts with one curious step.

Be curious • Be brave • Be a builder of tomorrow
